'YELLOW PAGES'

ITS YELLOW PAGES TELL YOU "WHERE TO BUY IT"

THE PACIFIC TELEPHONE and TELEGRAPH COMPANY

LONG DISTANCE SERVICE

To place Long Distance calls give the operator the city or town, the telephone number you are calling, if you have it, or the name and address under which it is listed. The operator will ask for your number when she needs it to complete the call.

STATION-TO-STATION CALLS—When you will talk with anyone who answers the called telephone.

PERSON-TO-PERSON CALLS—When you want to talk to a particular person or a particular extension telephone connected through a private switchboard, give the operator the name, extension or department after you have given the distant city and telephone number.

COLLECT CALLS—Upon request, the charges on calls to most points within the Continental United States, Alaska, Canada and to certain overseas points may be collected at the called telephone. Collect calls take the regular Station-to-Station or Person-to-Person rates except that higher Station collect call rates apply where the Station rates are 20 cents or less on calls within Oregon or 25 cents or less on calls outside of Oregon.

LONG DISTANCE RATES FROM ASTORIA

(RATES TO POINTS NOT LISTED MAY BE OBTAINED FROM LONG DISTANCE.)

NIGHT AND SUNDAY RATES APPLY FROM 6 P. M. TO 4:30 A. M. AND ALL DAY SUNDAY

(Night and Sunday rates also apply on calls to many points on the holidays Thanksgiving, Christmas and New Years. Call Long Distance for rate information.)

THE RATES SHOWN ARE FOR 3 MINUTES. THE FEDERAL TAX IS NOT INCLUDED

The rates shown below are those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

THE

CLASSIFIED

is the

INDEX FINGER

to the thousands who consult this medium daily to find the products or services they require.

Make it point your way!

LIST EACH BRANCH OF YOUR BUSINESS HERE

FRIENDLY TEAMWORK ON PARTY LINES

She answers her telephone bell promptly . . . places her own calls accurately, so that they do not have to be made again . . . does not monopolize the telephone at the inconvenience of others . . . teaches her children, too, the little telephone kindnesses . . . and when her telephone is not in use, sees that it is hung up.

Though the persons who share the party line with her have never met her face to face, they like her and are grateful to her. She is a thoughtful party line "neighbor."

Get the right number first

Get it from the directory. If there's any doubt about it, look up the number before you call. It's mighty easy to get numbers twisted if you depend on memory alone. And since looking up numbers in the directory is so easy, it's a good way to save time in making your calls.

Make "Phone Plans" part of your Home Plans...

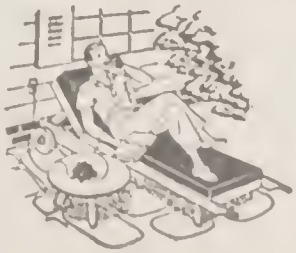
built-in telephone facilities are inexpensive

Whether that dream home you're going to build is a mansion or a simple cottage, the cost of installing built-in telephone facilities during construction will be well within your budget.

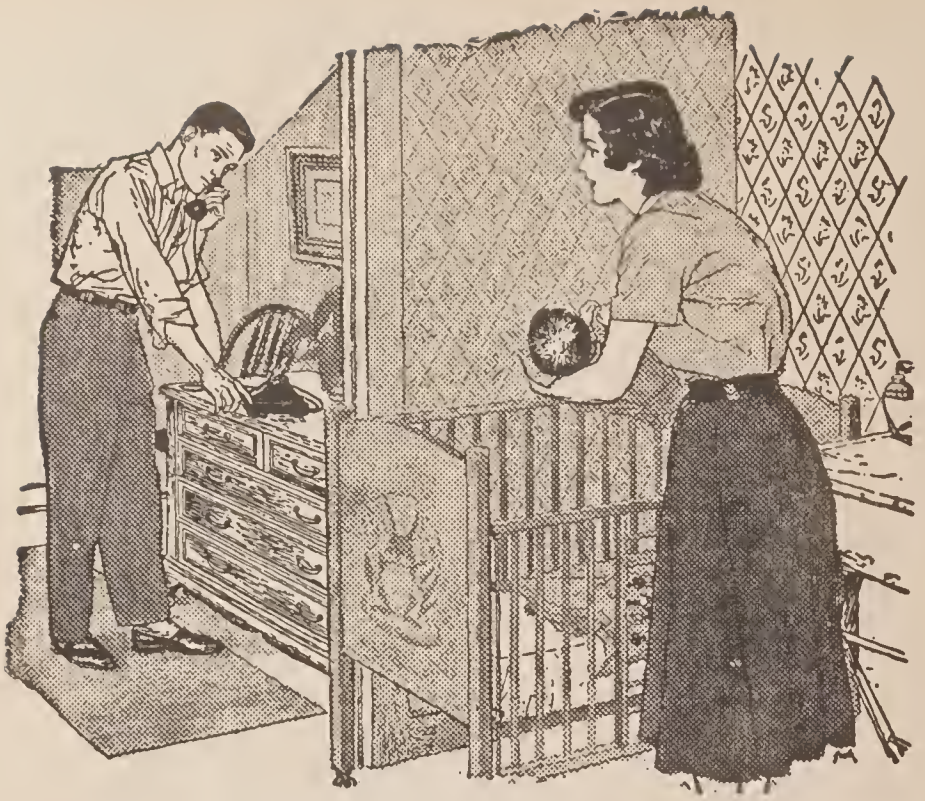
Conduit (that's a metal tube concealed in the wall through which wires are drawn when your telephone service is installed) leads to locations where telephone instruments would be handiest and most serviceable. Whether your immediate need is for a single telephone, or for several, you meet it more practically and economically this way. It permits locating the instruments where most convenient. You avoid marring finished walls or bringing exposed wire along the baseboards.

We maintain an Architects' and Builders' Service at no cost to you to help you match good "Phone Plans" with your preferred Home Plans. Call on us before building begins.

The Pacific Telephone and Telegraph Co.



THE PACIFIC TELEPHONE & TELEGRAPH CO. BELL SYSTEM AMERICAN TELEPHONE & TELEGRAPH CO.



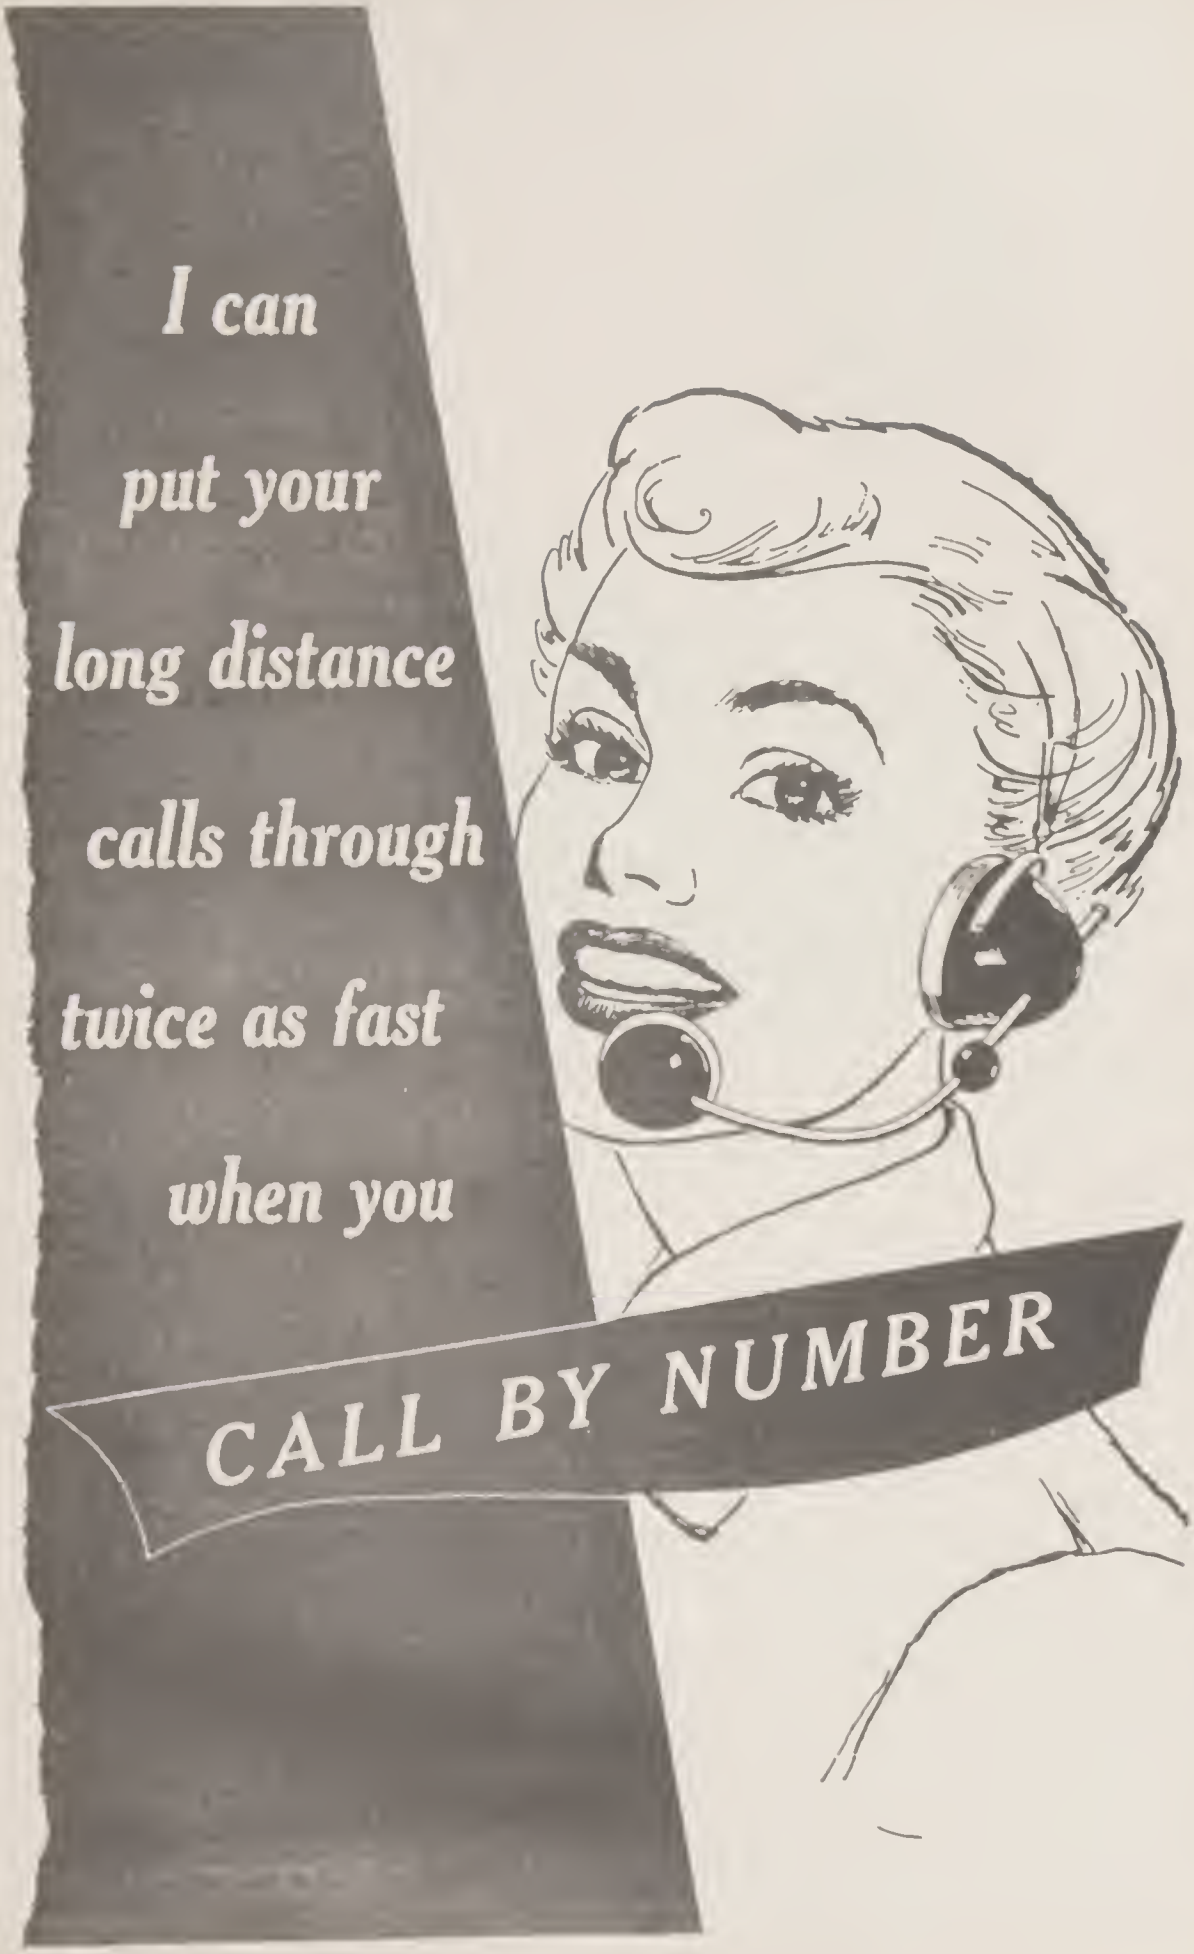
extension telephones are so handy yet cost so little

For only a few pennies a day you can enjoy the convenience of an extra telephone in your home.

Extensions go almost anywhere in the home—in the bedroom or basement . . . in the den, kitchen, or garage . . . wherever you spend a lot of time. And the cost is small . . . only pennies a day. We can offer this service again because extensions require only additional telephone sets, not outside cables and central office facilities.

To order your extension, just call your Pacific Telephone Business Office.

Pacific Telephone



I can
put your
long distance
calls through
twice as fast
when you
CALL BY NUMBER

far from home?

Long distance visits cost so little

See for yourself. Check the typical rates listed on the inside cover of this directory. You'll notice, too, that night and Sunday calls cost even less than those you make at the low, day "station" rates.

Behind on orders? Let handy Classified introduce the suppliers you need. It's fast. It's convenient. Wise buyers say there's nothing like the Yellow Pages of your telephone book for getting in touch with almost everyone around who sells things, does things. Try Classified once . . . you'll use it often.

Play Ball . . .

When you call somebody by telephone, "play ball" with him by giving him time to answer. Please don't hang up too soon.

The Pacific Telephone and Telegraph Company

The Yellow Pages keep your sales message before prospective customers 24 hours a day, every day of the year.

FOUR THOUGHTFUL ITEMS OF TELEPHONE PROCEDURE

1. Please answer promptly.
2. Please be on the line when the party you want answers.
3. Please speak distinctly and without hurrying, with the lips close to the mouthpiece.
4. Please replace the receiver gently when through talking.

Play Ball . . .

When you call somebody by telephone, "play ball" with him by giving him time to answer. Please don't hang up too soon.

WAIT . . . . .

Sometimes people place telephone calls and do not give the called person sufficient time to answer.

Don't hang up too soon!

Two friendly telephone habits: QUICK to answer when your bell rings, SLOW to hang up when you call someone who does not immediately respond. In calling others, remember that the called person may be almost there—so wait a few seconds longer.

Play Ball...

When you call somebody by telephone, "play ball" with him by giving him time to answer. Please don't hang up too soon.

Courteous, Friendly & Dependable Service

Astor Bg ----------Astoria-2842

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummmm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

Behind on orders? Let handy Classified introduce the suppliers you need. It's fast. It's convenient. Wise buyers say there's nothing like the Yellow Pages of your telephone book for getting in touch with almost everyone around who sells things, does things. Try Classified once . . . you'll use it often.

As one friend

TO ANOTHER

Please speak distinctly, when you telephone, with lips close to the mouthpiece. It is just as important to talk directly into the transmitter as it is to keep your ear close to the receiver.

PERSONAL TELEPHONE LIST

NAME	NUMBER	NAME	NUMBER

BUSINESS OFFICE LOCATION

The Business Office of the Company is located at 302 Ave. A, Seaside, Oregon. The Business Office is open from 8:30 A.M. to 5:00 P.M. Monday through Friday and is closed Saturday.

BILLS AND PAYMENTS

Bills for service are usually issued monthly and are due and payable upon presentation.

When paying in person it will save you time if you have your bill with you. When paying by mail, please enclose the bill stub with your check. If you need additional assistance or explanation regarding your bill, the Business Office will be glad to help you.

OTHER PAYMENT OFFICES

In addition to the Business Office at 302 Ave. A, Seaside, bills may be paid in person at the following locations:

Dennon's.....Cannon Beach
Maize Red & White Store.....Warrenton

COPIES OF THIS DIRECTORY

Use of an out-of-date directory interferes with good telephone service, as each new issue contains many changes in numbers and listings. For this reason we ask that they be destroyed at the time the succeeding issue is distributed.

DIRECTORY ERRORS

Every effort is made to make the directory as accurate as possible. The Company, however, assumes no liability for damages arising from errors or omissions in the making up or printing of its directories.

DIRECTORIES OF OTHER CITIES

Telephone directories of other cities may be consulted at our Business Office. We cordially invite you to make use of these directories. If you desire any copies they may be secured at an additional service charge by arrangement with the Business Office.

IDENTIFICATION OF EMPLOYEES

Employees of the Company whose duties require them to enter premises of customers are supplied with identification cards. If you doubt the right of a person to represent himself as an employee of this Company, please call the Business Office.

DIALING INSTRUCTIONS

When using a dial telephone—

Listen for dial tone. The steady humming sound tells you that the dial equipment is ready for your call. Do not start to dial until you hear the dial tone.

Dial carefully. Refer to the number as you dial, after each turn of the dial remove your finger and let the dial return freely to its normal position. Do not force or retard its movement or you might get a wrong number.

In JEWELL when dialing a Skyline 5 number from another Skyline 5 telephone and in WESTPORT when dialing a Globe 5 number from another Globe 5 telephone, you may omit the two letters and the first numeral (SK 5 or GL 5) and dial only the last four numerals. *However, when giving your number to anyone, always give the complete number—letters and numerals—as these people may want to call you from out of town. Out-of-town calls cannot be completed without the entire number.*

TO CALL ANOTHER PARTY ON YOUR OWN LINE

CANNON BEACH—JEWELL—WESTPORT—If you have Two, Four or Eight Party Line service, DIAL "Operator" to obtain assistance.

If you have Ten Party Line Service, DIAL the desired number. Immediately after the dialing is completed hang up the receiver. Ringing will start and continue until the called party answers. When the ringing stops, remove your receiver and start conversation. In case the called party does not answer, remove your receiver momentarily to stop the ringing.

VOICE RECORDING SIGNAL

A short high "beep" tone heard on the telephone about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the Telephone Company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder the signal is no longer heard.

The "beep" is produced automatically by the device used to connect the recorder to the telephone line. It stops when the recorder is disconnected. Use of a recorder without this signal is unlawful.

RATES

Rates and practices included in this directory are based on those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

THE CLASSIFIED TELEPHONE DIRECTORY

When you dial

numbers which include a central office name

Please remember...

Always dial the first two letters and the numeral in the central office name... followed by the remaining figures in the number.

extension telephones are so handy yet cost so little

For only a few pennies a day you can enjoy the convenience of an extra telephone in your home.

Extensions go almost anywhere in the home—in the bedroom or basement . . . in the den, kitchen, or garage . . . wherever you spend a lot of time. And the cost is small . . . only pennies a day. We can offer this service again because extensions require only additional telephone sets, not outside cables and central office facilities.

To order your extension, just call your Pacific Telephone Business Office.

Pacific Telephone

How to make good telephone service even better....

You'll save time *if you always keep these simple points in mind when you make telephone calls*

1 Look up any number you're not sure of in your latest directory . . . before you make your call.

2 Jot the number down . . . so you'll have it conveniently before you as you call.

3 Dial carefully . . . keeping your eye on the dial.

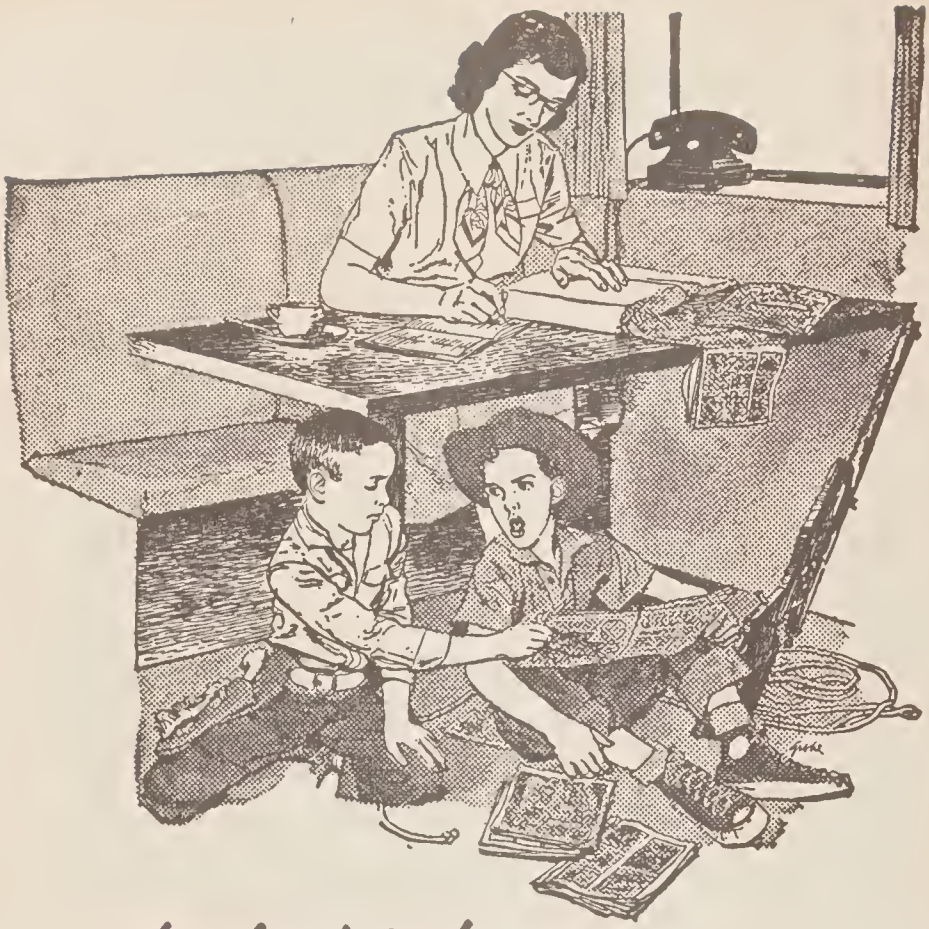
Pacific Telephone

• How to make good telephone service even better....

Give your friends time to answer

How often have you had someone hang up just as you answered the telephone? It isn't always possible, you know, to get to the telephone the moment it rings—the folks you are calling may be out enjoying their garden, or busy in some distant part of the house. You'll reach them more often . . . and avoid the disappointment of an incompleted call if you give them a *full minute* to answer.

Pacific Telephone



extension telephones now available for your home

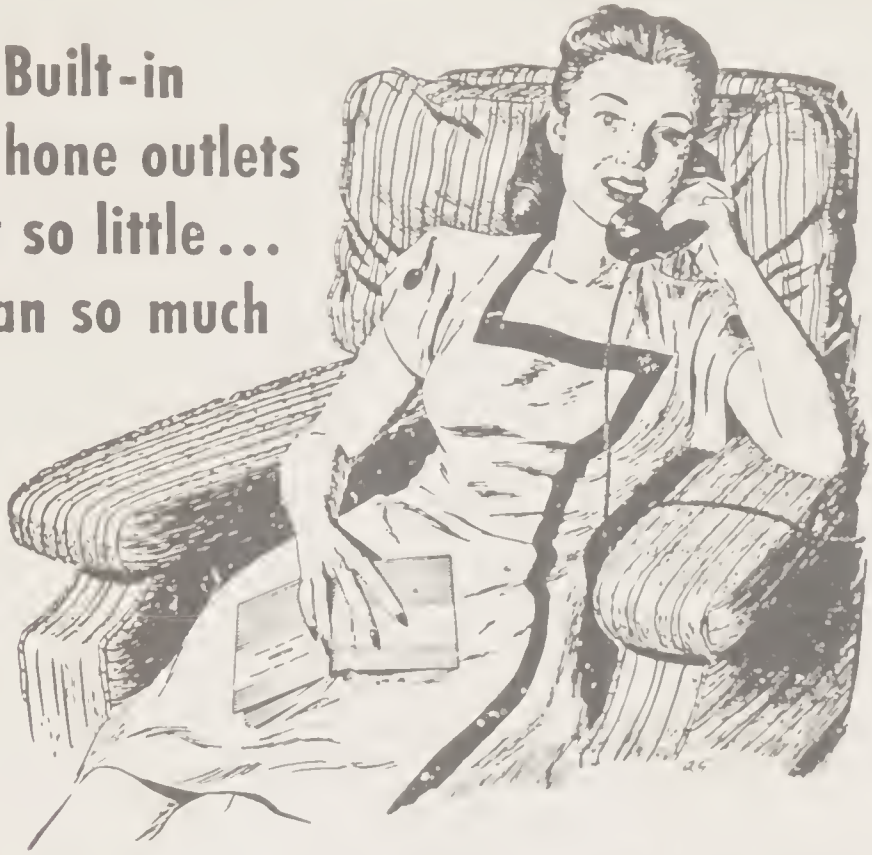
For just pennies a day you can enjoy the convenience of an extra telephone.

Extensions are handy so many places. In the breakfast nook or basement . . . in bedrooms, the den, or garage . . . in any part of your home where you spend a lot of time, an extension is a time-saver and step-saver. We can offer this service again because extensions require only additional telephone sets, not outside cables and central office facilities.

To order your extension, just call your Pacific Telephone Business Office.

Pacific Telephone

Built-in telephone outlets cost so little... mean so much



At the time a house is built, the cost of installing conduit for a number of telephone outlets is small...and it adds real value to the home. It's a wise economy, even if only one telephone is needed immediately

Additional telephones can be added when you want them...where you want them...without running exposed wires along baseboards or moulding or drilling through floors. When you build, plan for a number of outlets. Call your local Telephone Business Office and ask for free Architects and Builders Service.
